

# BE YOU

(H. McLean/T. Shannon/S. Ramos)

Don't dim your light  
Don't hide your heart  
Go show the world  
Just exactly who you are

Stand tall  
Live out loud  
(cause) you're the only one  
You need to figure out

## CHORUS

All you gotta do is be you  
(Be you, you, you...)  
All you gotta do is  
Be You

So go break the mold  
Cause no one else can be  
Your shade of beautiful

You can paint the sky  
Like fireworks  
Go rain your colors down  
And shake the earth

## CHORUS

All you gotta is be you

## BRIDGE

Know yourself cause no one else  
Can do you like you do you (repeat)

## CHORUS (BREAKDOWN)

All you gotta do is be you

Know yourself cause no one else  
Can do you like you do you (repeat)  
(Can be yourself so be you)
